

Prepare students for certification with MeasureUp assessments

MeasureUp offers instructor-friendly solutions designed to help prepare students for their certification exams. The complete line of technical practice tests and job-role assessments are available individually or bundled together with the corresponding courseware — a great way to keep the curriculum current and reduce costs.

Practice tests

Feature-rich MeasureUp practice tests can be delivered in the classroom, online or offline. This provides maximum convenience for your students while measuring their preparedness for certification exams and identifying areas in need of improvement. Instructors can:

- Place students in classes and plan training according to skill level
- Provide study tools
- Provide complete coverage of exam objectives
- Track learning and show progress through pre- and post-assessments
- Access comprehensive explanations and more
- Access in-depth reporting features

Partners

MeasureUp is endorsed by more IT certification programs than any other provider. Certification programs include:

- Cisco
- CompTIA
- Microsoft
- Security Certified Program (SCP)
- VMware

MeasureUp has exciting new features:

Take a look at some of the features in MeasureUp's new platform:

- Mobile integration:** Access MeasureUp practice tests from devices using Android, iOS or Windows Phone.
- Cross-browser:** MeasureUp is compatible with Chrome, Internet Explorer 10+, Firefox and Safari.
- New offline mode:** Downloading tests for offline use is simple and user-friendly. Don't worry; all scores will be synced.
- Improved design:** Better, more user-friendly interface that will help keep students productive.

"MeasureUp is an excellent fit for our program — study mode teaches students to manage their time and answer questions in a variety of formats. We customize the practice tests to ensure our students are taking questions on the objective domain they are studying at the moment."

Michael Lafferty
Vision Workforce Skills, UK

Don't take our word for it...

"Many of my students have one shot to pass an exam, therefore I only trust MeasureUp to let me know when my students are ready to test. MeasureUp provides excellent administrative tools that allow me to identify my client's strengths and weaknesses and track progress and effort before issuing exam vouchers. In six years, I have certified over **95% of all students** who have met our standard for MeasureUp activity. Because results matter, I only trust MeasureUp."

Robert M.
New Horizons, Jacksonville, Florida, USA

"Since my classes have been practicing with the materials produced by your company, there has been an increase in the number of students passing the Microsoft Office Specialist certification examination. **Approximately 90%** of the students taking the exam are passing. Again, I thank you and look forward to working with MeasureUp in the future."

Patricia Belle
MOS Instructor

MeasureUp practice tests are available for:

- Cisco
- CompTIA
- HP
- Microsoft
- Oracle
- Project Management Institute (PMI)
- Security Certified Program (SCP)
- VMware
